Aim High

Agent 51

I heard she's thinking bout taking my life
She's got the guy killer eyes in her sights
It wouldn't take long for this one to tire
A desperate man sought to a ?
Oh I know you played straight
How long I gotta wait for you
To pull the trigger and leave
But can't you stop
Stop and see that
That's what love is for
Its ok life is crazy
Livin six feet under aint to bad anyways
Its all right just a good night
If you see me in sight
Just remember
Aim high
Another letter arrived later day
Its never opened cause there's no looking back
She made him ride a twelve-hour train
Only to find he'd been stabbed in the back
Oh I know you played straight
How long I gotta wait for you
To pull the trigger and leave
But just for now
Maybe you could
Point your gun at someone other than me
Its ok life is crazy
Livin six feet under aint to bad anyways
It's all right just a good night
If you see me in sight
Just remember
She makes him listen hard
Since she don't wanna talk about it
So I gotta guess on my own
She lives her life in silence
That'll be waitin for the violence
That'll be playin the next sad song
She'll never know the feeling
Of a love that's so revealing so she'll

Never take that chance
And late at night the song comes on
He's waiting for the telephone
And this time there's no romance
Its ok life is crazy
Livin six feet under aint so bad anyways
It's all right just a good night
Livin six feet under in the candlelight
Its ok life is crazy
Livin six feet under aint to bad anyways
It's all right just a good night
If you see me in sight
Just remember
Aim high
