

I'm So Sleepy

Cat Stevens

I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy
Soon I'm gonna slip away
In the night, I feel it creeping, creeping, creeping
I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy

I can't keep my mind away from my dreams
I hear them calling, calling, calling
Soon I'm gonna slip away
Soon I'm gonna slip away
Soon I'm gonna slip away
In the night, I'm gonna slip away
I won't fight it, I'll just ride it
I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy, yeah
