

# Moshi Moshi (Live at Dubin's House)

## Brand New

I think I'm crazy baby  
Let you off the hook to easy  
If you were a telephone  
You'd still be off the hook  
This is my last leg  
Been awake for days  
In a minute, I'll die of starvation  
I'll come back a ghost  
If I can haunt you  
And float around your room  
What'll I do when you get close  
If I kissed your neck, would you slit my throat? And are you thinking of me?  
When you're putting on your makeup, darlin'  
Dyin' your hair like you do  
Well your wastin' your time  
If you're trying to impress me  
I waste all my time just thinking of you And I'm not imagining  
How you give me the shivers  
Standing up to your waste in your river  
You're the sweetest boat-builder  
I think I've ever seen  
Dream in Japanese, dream in Japanese  
Some language I don't even know how to speak  
You're still pretty and I'm still choked up  
It's probably just the same  
The more I hang around you  
The more hang-ups I get  
(The more hang-ups I get!) Are you thinking of me?  
When you're putting on your makeup, darlin'  
Dyin' your hair like you do (Your dyin' your hair like you do!)  
Well your wastin' your time  
If your trying to impress me  
I waste all my time just thinking of you
