# Alone

## Kelly Clarkson

When we're driving in your car it's like i'm on my own (yeahhhh)
I can't ask you how you are, you're always on the phone,
and when we kiss i feel so empty,
i really wish you knew what's been on my mind,
You're gonna miss me so get ready,
i'm about to tell you why
Cos when i'm with you I'm alone,
No matter what you say,
I hope you know, woahh, that i'm alone,
you say you're gonna change,
but i know you won't woah-oh
when you look me in the eye it's like you're far away (yeaahh)
some pretty legs go walking by, your gaze is wandering (yeahhh)
it's such a shame that you don't notice,
the way that everybody's looking at me,
get off the train this love is hopeless,
feeling like i'm gonna sing,
Cos when i'm with you I'm alone,
No matter what you say,

I hope you know, woahh, that i'm alone,
you say you're gonna change,
but i know you won't woah-oh
Well here is something you don't know about me,
when you pushed me out i found something better, you'll see,
when you were paying no attention to me
i found somebody who can treat me right
when i'm with him i'm not alone
it gets better every day
i hope you know, ohh, i'm not alone,
it's never gonna change
I hope you know
when i'm with you I'm alone,
No matter what you say,
I hope you know, woahh, that i'm alone,
you say you're gonna change,
but i know you won't woah-oh
I'm not alone.
I'm not alone.
