

Resurrection Time

John Norum

I've walked down the road
Led me to a dead end
I talked to the eyes to the many
who weren't there
I've heard so many lies
I almost saw their truth
A spirit flew alone
Passed on through
We were talking about the future
Fighting to begin
Another destination
How long, as long as I could
So long, I'm leaving for good
Come on stop inside
It's resurrection time
It's time to unwind
It's resurrection time
I've tried to find an answer
For the ones out in the street
I've tried to find a reason
For the killing that I've seen
Talking about the future
To start it had to end
Final separation
How long, as long as I could
So long, I'm leaving for good
Come on stop inside
It's resurrection time
It's time to unwind
It's resurrection time
So hard to find
Come on step inside
It's time to unwind
It's resurrection time
Someone out calling
Trying to find a way
Something to believe in
Know what I'm gonna do
Resurrection time

It's time to unwind

It's resurrection time
