Lonely Girl

Mint Royale

Feelin' blue today, telephoned to say
I'm so lonely without you
Starin' into space, there I see your face
Been so lonely without youIf you return to me, so tenderly
I will hold you forever safe within these armsEmptiness inside, tears I cannot hide
Now you've left me on my own
All that is in my head, words we left unsaid
All the things we could have doneIf you return to me, so lovingly
I will hold you forever safe within the armsOf this lonely girl, lonely girl
I'm such a lonely girl
Of this lonely girl
I'm such a lonely girlI can't believe you're gone, people tell me life goes on
Now's the time to let you go
Cannot live for what has been, each night it's haunting me
I still love you and it showsIf you return to me I will always be
Beside you forever, safe within these arms
If you return to me so eternally
I'll hold you forever safe within the armsOf this lonely girl
Lonely girl
I'm such a lonely girl
Lonely girl
I'm such a lonely girlI'm such a lonely girl
