

Take Control (BBC In Concert) [Live]

Culture Club

No defeat, your dance is sweet
'Cause you ripped it from my soul
I'll kiss you and we'll throw a view
It's the only way to take control Boy, I'm sweet when you got me beat
I can't turn it, I feel cold
It's for you and my love is true
Got to blind a boy to take control Take control, take it
Take control, take it
Take control, take it
Take control I was there but you didn't care
And I know you're using me
If it's true, get the best of you Take control, take it
Take control, take it
Take control, take it
Take control Take control
Gonna let this thing go
Take control
Gonna let this thing go
Take control
Gonna let this thing go Take control, take it
Take control, take it
Take control, take it
Take control Take control
Gonna let this thing go
Take control
Gonna let this thing go
Take control
Gonna let this thing go No defeat, your dance is sweet
'Cause you ripped it from my soul
I'll kiss you and I'll throw a view
It's the only way to take control Take control, take it
Take control, take it
Take control, take it
Take control
