

# Apples Dipped in Candy

Kacey Jones

Apples dipped in candy  
Sweet potato eye  
One is for your belly  
The other's for your mindDay off on Sunday  
When the rent is not behind  
Well, that's the way it goesDay's in Mississippi  
Movin' mighty slow  
Like that old blackbird  
Standing by the roadAble wind at times get rough  
To just pick up and go  
Further on down the lineHey rich man, poor man  
Beggar or thief  
First one gets you down the road  
Next one gets you griefLast one gets you night and days  
Of cotton pickin' peas  
On the Captain's farmApples dipped in candy  
Sweet potato eye  
One is for your belly  
The other's for your mindDay off on Sunday  
When the rent is not behind  
Well, that's the way it goesApples dipped in candy  
Sweet potato eye  
That's the way it goes  
Sweet potato eye  
My love
