

Gravity

Maxi Priest

Gravity is working against me
And gravity wants to bring me down
Oh, I'll never know what makes a man
with all the love that his heart can stand
Dream of ways to throw it all away Yeah~

Gravity is working against me
And gravity wants to bring me down
Oh, twice as much ain't twice as good
And can't sustain like one half could
It's wanting more it's gonna bring it to my knees

Gravity Ahh~ stay the hell away from me

Oh, twice as much ain't twice as good
And can't sustain like one half could
It's wanting more it's gonna bring it to my knees

Gravity is working against me
And gravity wants to bring me down
Oh, I'll never know what makes a man
with all the love that his heart can stand Yeah~
Dream of ways to throw it all away

Gravity is working against me
And gravity wants to bring me down
Oh, twice as much ain't twice as good
And can't sustain like one half could
It's wanting more it's gonna bring it to my knees

Gravity won't you stay the hell away from me
Gravity has taken better man than me oh~

How could it be

Tell me how could it be oh~

keep me where the light is come on,
keep me where the light is

keep me where the light is

Won't you keep me where the light is
keep me where the light is

I wanna be where the light is
I wanna be where the light is

keep me where the light is
keep me where the light is

I wanna be where the light is

Gravity won't you stay the hell away from me
