

Same Size Feet (recorded live for Radio 1)

Stereophonics

A week's too long not to ring
Re colors her hair and waits for him
No cat against dog just head over heels
Sex twice a date best time in years
Oh no why hasn't he phoned 3
She has to wait until he's on his own
Lying and denying so no body knows
I'll tell her this week is what he tells her
To keep her on loan he'll buy her one day Sex drives oral highs
Cheated wives and spies
Cream cakes coffee dates
Floral gifts goodbye
Passed away for the day
Had a change of kind sex changes
Too mundane for the average mind
Oh no she just can't see where he is or where he's been
Looked prim and straight like she's always been
All that she saved for went missing again
She could be wrong
It looks like the word's got around
They found a body in the lake
Maybe it wasn't really his name
Same color same weight same size feet
It's the not knowing that kills you
Oh no the clocks stopped slow
Every time you're on your own
Ya' hide from the spies so nobody knows
Scratch through the pages of the lazy days
News for a clue still looking for you
