

# I Saw It Coming

## Reckless Kelly

Well, I pulled into Jackpot  
Outta Ely and red-hot  
I was liking the action  
You laid on the charm  
As well as some hot tips  
A kiss from her red lips  
I thought how could I lose  
So I bet the farm  
Ill wind is blowin'  
I hear the drummin'  
I know where this is goin'  
I see it comin'  
You're holding a pat hand  
You're playing the dealer  
The odds are way up there  
The cocktails are free  
The cards you've been holdin'  
Ain't what you've been throwin'  
I've lately been knowin'  
That you're bluffing me  
You'll be high rollin''  
I'll be out bummin''  
And I know you're goin''  
I saw it coming  
Gamblin' is knowin'  
When you should be callin', it quits  
When you're down to a handful of hearts  
That are broken to bits  
Ill wind is blowing  
I hear the drummin'  
I know you're goin'  
I had it comin'  
You'll be high rollin'  
I'll be out slummin'  
I know you're goin'  
I saw it comin'  
I know you're goin'  
I saw it comin'
