

You Can't Take It With You

[Collin Raye](#)

There's a look on your face that says your leaving
You've already got one foot out the door
If it's new love or not like that you're needing
I won't leave the light on anymore
I still believe we could hold it together but there's something I want you to know
When I gave you my heart I gave it forever
But you can't take it with you when you go While you're packing your suitcase pack my mem'ries
Cause I don't want them round here when you're gone
If you let that door close behind you say goodbye to the love we have known
I still believe we could hold it together,
When I gave you my heart I gave it forever
But you can't take it with you when you go
