By Your Side

Jacob Sartorius

Give me a hint, give me a hint
I'll take the lead
Wherever I go, 'ever I go
Your coming with me
Let's get away, let's get away
Tell me you'll follow
Let's live in it now, live in it now
Like there's no tomorrow(Oh)
We ride together
Like waves in the ocean
Hold you down through whatever
To wherever we going
Everyday
Every night
I'll be the sun and the stars in your sky
No matter what happens
I will be by your sideI will be by your side
I will be by your side
I will be by your sideI got your back, I got your back
And [?] the front
When you pick your two, you break the two
I'll be the oneI'm on your left
I'm on your right
I'm all around you
We got the key, we got the key
You know we can't loose(Oh)
We ride together
Like waves in the ocean
Hold you down through whatever
To wherever we going
Everyday
Every night
I'll be the sun and the stars in your sky
No matter what happens
I will be by your sideI will be by your side
I will be by your side
I will be by your sideI will be by your side
(Right by your side, right by your side)
I will be by your side

(Right by your side, right by your side)
I will be by your side
(Right by your side, right by your side)
I will be by your side
(Right by your side, right by your side)
I will be by your side
