

# We Aim to Please (2008 Mix)

## Brainpool

Excuse me may I offer you this TV-set  
I put it on a year ago and it hasn't broken yet  
Or maybe you'd prefer a t-shirt with a smile  
It's been here a while but it's not out of style  
Our cutlery department has newly been restored  
We do it every year so you won't get bored  
We try to please our customers the best way we can  
Rich or poor we will be at hand  
Every woman every man  
Welcome to our shopping land  
We aim to please  
And if you're not satisfied we're down on our knees  
We aim to please  
We're here to help you out and make you feel at ease  
The girls at the counters can always lend a hand  
To the ladies and the women and the boys and the men  
We hope you like our music  
We pick it out for you in corporation with the Sony-crew  
We try to please our customers the best way we can  
Rich or poor we will be at hand  
Every woman every man  
Welcome to our shopping land  
We aim to please  
And if you're not satisfied we're down on our knees  
We aim to please  
We're here to help you out and make you feel at ease  
We hope that you found pleasure in picking out your choice  
And if you like to hand it back we will not make a noise  
Gee I must be going you know I can't be late  
See you tomorrow when we open up at eight  
We aim to please  
And if you're not satisfied we're down on our knees  
We aim to please  
We're here to help you out and make you feel at ease  
Aim to please  
And if you're not satisfied we're down on our knees  
Aim to please
