

# Julienne (feat. Stewart Lockwood)

## Duett

Talk to me and listen  
I will never want to break your heart  
Talk to me and know that  
This is only just a very start  
It's another day  
Lightning strikes  
Look at me and know that  
I'll be fine  
Julienne, Summer's almost done  
Julienne, Feelings overcome  
Look at me and listen  
I will never walk away from you  
Look at me and know that  
Taking chances is not a thing I do  
It's only one year  
Time flies by  
Look at me and know that  
You'll be fine  
Julienne, Summer's almost done  
Julienne, Feelings overcome  
Talk to me and listen  
I will always wonder where you are  
Look at me and know that  
Love's not far  
Julienne, Summer's almost done  
Julienne, Feelings overcome  
I find a way  
To make you stay
