Goddess Bound

Protest the Hero

Take everything your parents taught you
Throw it to the dogs
It's a forgotten flesh of something dead
It's blood drips from your jawsTake everything your school has taught you
Throw it to the dogs
Left to be in the summer heat
It wreaks now of its rotIt speaks now of the fate that we all wait to be forgot
Just as mountains live outside of rocks
And time itself outside of clocks
I hope that love exists beyond our lonely bones
In the, in the pine boxFrom the bottom of my heart
At the top, at the top of my lungs
From the corner of my eye
At the tip, at the tip, at the tip
At the tip of my tongueTake everything your parents taught you
Throw it to the dogs
It's a forgotten flesh of something dead
From the bottom of my heartWell, take everything your fucking school has taught you
And throw it to the dogs
Left to be in the summer heat
And it wreaks now of its rotIt's everywhere, it's everywhere
It's everything, it's everyone
It's anywhere, it's anywhere
It's anything, it's anyoneIt's a neighbor saving face
By saying grace today for yesterday's behavior
It's a neighbor saving face
By saying grace today for yesterday's behavior
Oh, my GodLive to fuck and fuck till death
Drink to sorrow and regrets
Live to fuck and fuck till death
Drink to sorrow and regrets
