Country in Ya

Chase Rice

You got that L.A. look with that Hollywood swag
California tags on the Cadillac
I got the FLA dirt road attitude
And I'm a talk with a drawl boy through and through
You got the city girl style with an uptown smile
Driving this ol' boy country wild
I got a Chevrolet, whatcha say
We take it off the interstate
Good year, get away
Show my shade of grayHow 'bout it baby
(Let me show you what's up,
show you backwoods crazy)
Yeah, you make me
(Want to take you for a ride,
and then just maybe)
We can sip on the wine
Rock n roll all night
Get you off deep in these Florida pines
Girl, when you gonna
Let me put some country in yaYeahYeah we can keep it on the low
If you wanna roll
Roll real fast, or kick it back slow
Just hold on tight
I'm 'bout to show you right now
Just how we get down in a tailgate townHow 'bout it baby
(Let me show you what's up,
show you backwoods crazy)
Yeah, you make me
(Want to take you for a ride,
and then just maybe)
We can sip on the wine
Rock n roll all night
Get you off deep in these Florida pines
Girl, when you gonna
Let me put some country in yaDamn, girl
laughs yeah
Come here, let me tell you somethin'Nah, I ain't spittin' game
I'm just speakin' the truth
I wanna get a little redneck rowdy with you

Put it in park and jump on out
A little kissin' in the dark
With the tailgate down
Come onHow 'bout it baby
(Let me show you what's up
show you backwoods crazy)
Yeah, you make me
(Want to take you for a ride
and then just maybe)
We can sip on the wine
Rock n roll all night
Get you off deep in these Florida pines
Girl, when you gonna
Let me put some country in yaYeah, yeah, yeah
Maybe, put a little country in ya
Aw yeah, come onI said, I ain't spittin' game
I'm just speakin' the truth
I want to get a little redneck rowdy with you
At the end of the night
I can slide up to you
Damn, girl, you lookin' fine with some country in ya*laughs*
