# Love Is the Light

## Beverley Craven

Written by beverley and colin campsieSomeone turned the light out in my life
And I don't know if I can make it through the night
I'm afraid to wake tomorrow
With no one by my side
When all the words that broke my heart
Will still be on my mind
Love is the light
That filled my life with dreams
When it used to shine on me
Finally the spark has faded in the darkI believed that love would find a way
Now I don't know if I could give it all again
After all the words of wisdom
That fill me with regret
I'd rather cry remembering
The times I can't forgetLove is the light
That filled my life with dreams
When it used to shine on me
Finally the spark has faded in the darkLove is the light
That filled my life with dreams
When it used to shine on me
Finally the spark has fadedLove is the light
That filled my life with dreams
When it used to shine on me
