

Speak the Word

Vicki Yohe

There is a word in our mouth
It is the power of decree
We lift our voice with a shout
We stagger not but believe
We believe

We decree, we decree
We decree, we decree

There is a word in our mouth
It is the power of decree (it is the power of decree)
We lift our voice with a shout (we lift our voice with a shout)
We stagger not but believe (we stagger not but believe)
We believe

We decree (we decree, we decree)
We decree (we decree)
We decree (we decree)
We decree (we decree)

There is a word in our mouth
(It is the power)
It is the power of decree (of decree yes it is, yes it is)
(We lift our voice)
We lift our voice with a shout
(We stagger not) We stagger not but believe

(We believe, we believe)
We believe

We decree (we decree, we decree)
We decree (we decree)
We decree (we decree)
We decree (we decree)

We decree
That we can move mountains,
We decree (we decree)

We can raise valleys, (we can raise valleys)
We decree (we decree)
We can shape nations, (we can shape nations)
We decree
We decree

We decree
That prosperity is yours (that prosperity is yours)
Life abundantly is yours (life abundantly is yours)
Head and not the tail, above and not beneath, speak the word with me, speak
(Speak the word)

We decree
That we can move mountains, (we decree)
We decree
We can raise valleys,
We decree (we decree)
We can shape nations, (we can shape nations)
We decree
(we decree, yes we do)
We decree

We decree
(C'mon)
That prosperity is yours (yours)
Life abundantly is yours (life abundantly is yours)
Head and not the tail, above and not beneath, speak the word with me, Speak

We decree (we decree)

We decree (we decree)
We decree (We speak the word, we speak the word)
