More Than a Fool

Linda Lewis

I am more than a fool, I know
For loving and for telling a soul
'Cause when you go away
You know I want you to stay
But I won't be the one to sayYes, you have hurt me
First you flirt with women
Now you're gone and now desert me
And all my friends have felt that I was soon forget
But I won't be the one to fretYes, stay, stay, stay, stay
Oh, won't you just wait until the morning comes now
Just until I'm yawning, yeah
Don't run, don't run
Don't run
Oh, won't you just wait a little bit longer, longer
Just until I get stronger, strongerLove, it wasn't anything that you said
It was just a little movement of your head, well, well
And since if love was fake
We must have made some mistakes
Is there any way that I can make you stay?
