

# More Than a Fool

[Linda Lewis](#)

I am more than a fool, I know  
For loving and for telling a soul  
'Cause when you go away  
You know I want you to stay  
But I won't be the one to say Yes, you have hurt me  
First you flirt with women  
Now you're gone and now desert me  
And all my friends have felt that I was soon forget  
But I won't be the one to fret Yes, stay, stay, stay, stay  
Oh, won't you just wait until the morning comes now  
Just until I'm yawning, yeah  
Don't run, don't run  
Don't run  
Oh, won't you just wait a little bit longer, longer  
Just until I get stronger, stronger Love, it wasn't anything that you said  
It was just a little movement of your head, well, well  
And since if love was fake  
We must have made some mistakes  
Is there any way that I can make you stay?
