

Swing Into It

French Horn Rebellion

Come close to me
Hum notes to me
Don't Cross the beat
Cause it can break ya.
Come close to me

Hum notes to me Come close to me
Hum notes to me Don't Cross the beat
Cause it can break ya.

Let's put you to it Come close to me You've got to do it Hum notes to me I've been waiting all my life for a miracle Swing closer to me, closer to me in the dark Yeah, you move around the room like a criminal Swing closer to me, closer let it in your heart.

You've got to do it
We've got to do it So come on swing into it So come on swing into it '
Cause it can break ya So come on swing You've got to do it So come on swing into it '
Cause it can break ya break, break Come close to me
Hum notes to me
Don't Cross the beat

Cause it can break ya Let's put you to it Come close to me You've got to do it
Hum notes to me I've been waiting all my life for a miracle
Swing closer to me, closer to me in the dark
Yeah, you move around the room like a criminal
Swing closer to me, closer let it in your heart.

You've got to do it We've got to do it So come on swing into it...
So come on swing into it '
Cause it can break ya (break ya) So come on swing into it '
Cause it can break ya Let's put you to it
You've got to do it (break ya) '
Cause it can break ya So come on swing into it (break ya) '
Cause it can break ya Let's put you to it
You've got to do it (break ya) So come on swing into it.
