Wake Up

The Wolfe Brothers

I don't wanna wake up this morning
I don't wanna wake up this morning
I got a dream in my head
When I'm lying in my bed
I don't wanna wake up this morning

I don't want to start up a new day
I don't want to start up a new day
Cause I'm feeling so right
In the arms of the night
I don't want to start up a new day

I don't want open my tired eyes
I don't want open my tired eyes
Cause then you will gone
So will this song
I don't want open my tired eyes

Chorus
