

# Two Blue Lights

## Songs: Ohia

Two blue lights  
One's the blue light of the late night bus  
One's the blue light of the moon over us  
One's got the diesel fuel on her breath  
One's got the damp taste of the earth on it  
Two blue lights  
There's a dead archer in the tower you can't hear it but you can tell  
When the bells ring twelve times in hell the bells ring twelve times in this town as well  
Two blue lights  
Two blue lights
