

# Because I Love You

## Buddy Holly

Well, they say what you don't know won't hurt you  
And I believe that it's so  
So don't tell me that you found someone new  
To go through life with you Because I love you my darling  
My dearest I love you  
You're the one I want nearest, may I love you  
And I will bet you love me too Oh, I'd rather die thinking you love me  
Than to go on through life without you  
And you with someone new  
To go through life with you Well, because I love you, I love you, my darling  
My dearest I love you, I love you  
You're the one I want nearest, may I love you, I love you  
And I will bet you love me too
