

Glow (feat. Kanye West)

Drake

[Chorus: Kanye West]

Watch out for me, I'm bound to glow

You better watch out for me, I'm bound to glow[Verse 1: Kanye West & Drake]

Your boy all glowed up

Every time we touch down, bet it go up

'Member doin' shows, ain't nobody show up

Pour your heart out, ain't nobody show love

They used to laugh when my whip was on the tow truck

'Til me and bein' broke finally broke up

Watch out for me, I'm about to glow

Time to shake the dice, time to change the li-i-ight

No more 9 to 5, autopilot dri-i-ive

Used to work the fries, now we supersi-i-ize

We go suit and tie, we gon' touch the sky-y-y

We so certified, we so certifi-i-ied

Fuck you haters still, that's an F-Y-I-I-I

They gon' bang this here all summerti-i-ime

Watch out for me, I'm about to glow[Interlude: Kanye West]

Yeah, yeah

Turn me way up, my voice is really low

Yeah, yeah, yeah, yeah, yeah, okay[Verse 2: Kanye West & Drake]

(Watch out) Watch outâ€”why, nigga?

(The cops out) Cops out

It's all love when I ride top down

Top down (I started out way down low)

Started from the bottom, now we here now

Watch out for me, I'm about to glow

We about to get the whole nine

The whole nine, we just landed on a gold mine

We the new Abu Dhabi, this is our time[Verse 3: Drake]

Watch out for me, I'm about to glow

I just take the dreams I've been sold

And sell 'em for more, you already know

Watch out for me, I'm about to glow[Verse 4: Kanye West]

Hope I deal with karma 'fore my son do

'Cause I be drivin' round this bih with no sunroof

Man, the glow got me feelin' like I'm gunproof[Verse 5: Drake]

Watch out for me, I'm about to glow

I still have my guard up

Blame this thing I'm part of
Tryin' to avoid more confrontation
I just gotta try harder
Takin' the time to clear my mind
'Cause soon as I'm able to let that go[Chorus: Kanye West]
Watch out for me, I'm bound to glow[Outro: Earth, Wind & Fire]
Through devotion
Blessed are the children
We love y'all too!
We believe if there's anything y'all wanna do in life
You need devotion
Can I hear right on? (screams)
Through devotion
Blessed are the children
We live for it
Clap your hands and see me
Come on, y'all
I said it's alright
Clap your hands and see me
Come on, y'all
