Nothing Wrong With You

Finn Brothers

It's a slow parade
Down a dusty road
We've learned to take abuse
From devils we don't knowPeople who have lost all heart
Look for someone else to blame
You just keep on walking
When they call you a dirty nameAll the mud in this town
All the dirt in this world
None of it sticks on youYou shake it off
'Cause you're better than that
And you don't need it
There's nothing wrong with youThe moment that we dread
It comes all too soon
Voices in your head
Still carry on the tuneLet the sound come in
From the world outside
You just keep on singing
When they tell you filthy liesAll the mud in this town
All the dirt in this world
None of it sticks on youYou shake it off
'Cause you're better than that
And you don't need it
There's nothing wrong with youRemember how it made you hurt
Even as you fight to go on
Turn it into something else
Turn it into something elseAll the mud in this town
All the dirt in this world
None of it sticks on youYou shake it off
'Cause you're better than that
And you don't need it
No, you don't believe itAll the mud in this town
All the dirt in this world
None of it sticks on youYou shake it off
'Cause you're better than that
And you don't need it
There's nothing wrong with you
There's nothing wrong with you
NoI walk along with you
There's nothing wrong with you

There's nothing wrong with you
There's nothing wrong with you
