Asbestos

Asbestos

Watching all the women shaking, slimmin'
Walking down the road again
Looking at the lovers under covers
Come in and let's be friends
Watching all the schoolgirls
Shaking the new girl
Gone along and havin' sex
Watching all the women shaking, slimmin'
Come in an' cash the cheques
The suburban girls
And they're making noise
And they're making eyes
At suburban boys
Watching all the lovers under covers
Watching all the roads unbend
Listening to Lulu, I'm a Zulu
Come in and let's pretend
Watching all the women shaking, slimmin'
Walking down the road again

Scheme like a schoolboy watching you boy
Come in and let's pretend
The suburban girls
And they're making noise
And they're making eyes
At suburban boys
At suburban boys
At suburban boys
Suburban girls
And they're making noise
And they're making eyes
At suburban boys
The suburban girls
And they're making noise
And they're making eyes
At suburban boys
At suburban boys
At suburban boys
At suburban boys
