Java Junkie

Uptown Vocal Jazz Quartet

Dont need no Springtime fever
Dont need no Fall
Dont need no Summertime either
I dont need nothin at all
Except love steamin in my cup
Its like love when you slurp it up
Im a java junkie
Hit me again Daddy!Dont need no Halleluia
Cause Ive been blessed (hes been blessed)
Those beans do somethin to ya
Its religion when its high test
Its like love when you swill it down
Its like love, biggest thrill around
Im a java junkie
Hit me again Daddy!
Hit me again!Big rain may be fallin, big snow may be squallin
But Starbucks is callin my name
Through all kinds of weather Im tied to the tether
That brews takin over my brain!My babes a bottom feeder
Hes all I got (well then tell us what you do to keep it hot)
But there aint no man sweeter
Than Baby with a coffee pot
Im in love, I can hardly wait
Im in love, let it percolate
Im a java junkie
Hit me again!
Hit me again Daddy!I know its a habit but oh, gotta grab it
To make any thinkin erupt
The kit and kaboodle inside of my noodle
Depends on my drinkin a cup
Fill it up!Dont give me tea or cola
Theyre much too clean
I need the big payola
A hundred milligrams o caffeine
Gimme love in a coffee mug
I need love, its my favorite drug
Im a java junkie (make it java)
Im a java junkie
Coffee and tea and the java and me

Hit me again Daddy!
Until I say when, Daddy!
