

Magick Flute

Babes in Toyland

Dragging my ass around country side
Leave it to you I've got nothing to hide
Dragging my ass around country side
Leave it to you I've got nothing to hide
Don't worry
I won't touch you
Your eyes pierce me
And leave me to hang
Please touch me
And don't worry
Cause I'm burnin'
The vein straight to your heart
Kick Tom upside his head
Regretting the things that I've already said
Kick Tom upside his head
Regretting the things that I've already said
Don't worry
I won't touch you
Your eyes pierce me
And leave me to hang
Please touch me
And don't worry
Cause I'm burnin'
The vein straight to your heart
Distance captivates me, it holds the hook
Secrets hold the breath that I've never took
Distance captivates me, it holds the hook
Secrets hold the breath that I've never took
Don't worry
I won't touch you
Your eyes pierce me
And leave me to hang
Please touch me
And don't worry
Cause I'm burnin'
The vein straight to your heart
Lactating eyes looking from my thighs
Seeing and wondering what went wrong
Lactating eyes looking from my thighs
Seeing and wondering what went wrong
Don't worry
I won't touch you
Your eyes pierce me
And leave me to hang
Please touch me
And don't worry
Cause I'm burnin'
The vein straight to your heart
Don't worry
I won't touch you
Your eyes pierce me

And leave me to hangPlease touch me
And don't worry
Cause I'm burnin'
The vein straight to your heart
