Rural Route

JJ Lawhorn

Man it ain't but ten foot wide
Paradise on either side
Throw your hand up, to say â€œhiâ€•
Tires in the grass, wave â€˜em on by
Slow-mo steady breeze
In the shade of the live oak trees
Low key therapy
Yeah, thatâ€™s the kind of thing that works for me

(Chorus)
When the worldâ€™s making me doubt
What life is all about
Itâ€™s where I go to figure it out
That old rural route

Man, I can't count the times i drove
Past that overgrown walnut grove
Back of barn, smoking like an old wood stove
Something â€˜bout thatâ€™s just good for the soul

(Chorus)
When the worldâ€™s making me doubt
What life is all about
Itâ€™s where I go to figure it out
That old rural route

Everybodyâ€™s got that road they roam
It always takes you right back home

(Chorus)
When the worldâ€™s making you doubt
What life is all about
Itâ€™s where you go to figure it out
That old rural route

(Chorus)
When the worldâ€™s making you doubt
What life is all about
Itâ€™s where you go to figure it out

That old rural route
