Nice car where'd ya get your ride
A trophy? badge of honor? over compensation?
Price tags! advertise yer pride
Since when did what we paid for colored cloth
Gage our gravity? You should be careful what you wish for
Cause everyone of us has the devil inside
You should be careful what you wish for
Cause all of what amounts becomes you Nice watch man d'ya got the time
There's never enough and it always goes too slow You should be careful what you wish for
Cause everyone of us has the devil inside
You should be careful what you wish for
Cause all of what amounts becomes you
