

# Spanish Eyes

## Fifth Avenue

I met a girl at the carnival  
In Rio de Janeiro  
We danced all night on the boulevard  
In doorways we did the tangoI miss her lips and the way she sashayed her hips  
As she shook her shoulders  
I miss the smell of her hair, I don't care  
If it takes my whole life to find herWe were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes  
Spanish EyesThe sun came up and the girl was gone  
Her masquerade was over  
I searched the streets drunk with love  
But no one seemed to know herI miss the touch of her body so much  
I long for the warmth inside her  
Somewhere in time she will come back to me  
And I'll spend my whole life beside herWe were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish EyesI miss her lips and the way she sashayed her hips  
As she shook her shoulders  
I miss the smell of her hair, I don't care  
If it takes my whole life to find herWe were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish EyesWe were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes  
Spanish Eyes
