

# Not Fall in Love with You

## Jeff Williams

[Verse 1]

You are my star

You are the one

You make me smile when the world's come undone

You are the one who sweeps me off of my feet

You totally rock

You're crazy and cool

Everything's all that i love about you

Girl of my dreams you would make my life completeBut you're a distant dream to me

Then I know and I know that you're--

Out of my league

How could it ever be?[Chorus 1]

What am I supposed to do-

Just sit here and not fall in love with you?

Can I do anything to conceal it?

Can I lock up my heart and not feel it?

Try to hide from the fact

That theres no turning back

I'm in love[Verse 2]

You leave me weak

You make me strong

All that I need is to know I'm not wrong

If love is blind how do I make you see me?

You're my PYT

My cherie amour

One look at you and my heart starts to soar

No other girl could compete with your espritOh and if your heart would just agree

Then I know and I know that I could be--

Oh I could believe

You're all that I ever need[Verse 2]

What am I supposed to do-

Just sit here and not fall in love with you?

Can I do anything to conceal it?

Can I lock up my heart and not feel it?

Try to hide from the fact

That theres no turning back

I'm in love[Bridge]

And like the autumn leaves

I just can't help myself

I'm falling there's no doubt  
It's you and no one else  
Is there any chance  
For this dream romance?  
Should I just give up  
What's a fool to do?  
Could you fall for me  
Like I fell for you?[Chorus 3]  
What am I supposed to do-  
Just sit here and not fall in love with you?  
Can I do anything to conceal it?  
Can I lock up my heart and not feel it?  
Try to hide from the fact  
That theres no turning back  
I'm in loveWhat am I supposed to do-  
Just sit here and not fall in love with you?  
Can I do anything to conceal it?  
Can I lock up my heart and not feel it?  
Try to hide from the fact  
That theres no turning back  
I'm in love
