

# Better Metal Snake

## Dethklok

War has been declared  
We are forced to fight  
Take lives of my men  
My Kingdom falls this night  
You conquer with your serpent  
And it's scales of molten steel  
METAL SNAKE [x4]  
Castles lay in ruin  
Carcasses ignite  
Bretheren's heads on posts  
But still I must fight  
I conjure with my fury  
A masterful decree

I will build a beast  
That will conquer you  
Built of metal gears  
Spears to run you through  
BETTER METAL SNAKE [x4]  
Now go seek devour  
Inject your poison  
And take their lives away  
BETTER METAL SNAKE [x4]  
It's gonna take your life tonight  
Mechanical reptilian might  
Shed it's metal skin and destroy  
It's such a better METAL SNAKE
