

Truth Told

Jarell Perry

Truth told, I don't wanna have the truth at all

Be only half, torn

Truth told, some things are more comfortable

With a blindfold on Just a girl with no clothes

Gotta make you combust

Take it slow

Nothing let's off, let's off Truth told, I don't wanna have the truth at all

Be only half, torn

Truth told, some things are more comfortable

With a blindfold on

Just a girl with no clothes

Gotta make you combust

Take it slow

Nothing let's off, let's off Take it slow

Nothing let's off, let's off Just keep it

Don't wanna know

I don't wanna know

Truth told, I don't wanna have the truth at all

Be only half, torn

Truth told, some things are more comfortable

With a blindfold on Take it slow

Nothing let's off, let's off
