I Rape You

Sadist

Fawning upon you bleeding lips
In which I drink my pain
I'm boundless while I lick you up
Moulding - tasting - touching - cuttingSwallow me
Swallow meDo I please you - do I not?
Just let me burst in you
Please let me suck your hopes
And never question whySwallow me
Swallow mePhysically I rape you
I despise your borrowed mind
Mentally I rape you
I deny your borrowed life
I rape you
I rape youSwallow me as I burn
Or shall I let you undermine
What I got under control
Deriving pleasure from painSwallow me
Swallow meDo I please you - do I not?
Just let me burst in you
Please let me suck your hopes
And never question whySwallow me
Swallow mePhysically I rape you
I despise your borrowed mind
Mentally I rape you
I deny your borrowed life
I rape you
I rape you
