

# I Rape You

## Sadist

Fawning upon you bleeding lips  
In which I drink my pain  
I'm boundless while I lick you up  
Moulding - tasting - touching - cutting Swallow me  
Swallow me Do I please you - do I not?  
Just let me burst in you  
Please let me suck your hopes  
And never question why Swallow me  
Swallow me Physically I rape you  
I despise your borrowed mind  
Mentally I rape you  
I deny your borrowed life  
I rape you  
I rape you Swallow me as I burn  
Or shall I let you undermine  
What I got under control  
Deriving pleasure from pain Swallow me  
Swallow me Do I please you - do I not?  
Just let me burst in you  
Please let me suck your hopes  
And never question why Swallow me  
Swallow me Physically I rape you  
I despise your borrowed mind  
Mentally I rape you  
I deny your borrowed life  
I rape you  
I rape you
