Smoulder

EMA

I got nothing to lose without you
I vibrate you
I got nothing to prove without you
I vibrate you
I got nothing to feel but empty love

Shake my body loose
Shake my body loose
Shake my body
Whatever turns you on
Make my body smolder
Make my body smolder
Make my body
So sexational!

I got nothing but love inside me
I vibrate you
I got nothing but you ignite me
I vibrate you
I got nothing to feel but empty love

Shake my body loose
Shake my body loose
Shake my body
Whatever turns you on
Make my body smolder
Make my body smolder
Make my body
So sexational!

Shake my body loose
Shake my body loose
Shake my body
Whatever turns you on
Make my body smolder
Make my body smolder
Make my body
So sexational!
