

The Man (feat. Skepta)

G Frsh

She says she got a boyfriend but now she wants the man
I don't care what the weatherman says when I step into the party I make it rain
We're living in a jungle when I come through Tarzan better look after Jane
She wants me to go into the tunnel I told her jump on the train
Now she got my number stored in her phone book under a secret name
When it comes to ladies
Freddy Krueger knows I am a nightmare cuz
Sitting in the passenger side of my best friend's ride and I still get love
So you better look after your wifey
For the sake of your kids you talking shit about anaconda but you don't know where your girl's g-spot is?
I got more bitches on the guest list
But because of this gold rolex's
Feeling like I'm professor X
Bitch there I turn these man into X's
Cah it's marvellous how I
Chicks on chicks come out expect him
So like Houston you'll have a problem
If you ever took a look at her text's
You're riding round in some polo
I come through and rob that pussy
I beat it up and I leave it
Don't judge jerseys blame my jury
I've lost too much on courting
Got no time for talking
Yeah hide your wives and daughters
I run through these hoes like water nigga
She says she got a boyfriend but now she wants the man
Nicca!
She say she got a boyfriend (what she say?)
She say she got a boyfriend (what she say?)
She say she got a boyfriend (oh)
She say she have a man
At first she had her boyfriend on her screen saver
Now she's changed it to a sunset
I can tell that she wants to go back
But the champagne ain't done yet
Who's that fighting over there?
Is that B.B.R? one sec
She say she don't like this party let's go back and watch a D.V.D

Went back to my room took out Jake the snake then I put her in a D.D.T
Then I said please tie this ball in your mouth and put on that P.V.C
She called me a prick but I still stuck it in 6 times like a B.C.G
Your girl like a celeb
But she treat you like a groupie
While I treat her like a fan
So she spinning round and blowing on me while I hold the cam
For my bread she's going HAM
She says she got a boyfriend but now she wants the man
Cah man I'm so G'd up she can be a trick nigga I won't treat her
A man really try to claim pussy
I don't give a damn if that's your beaver if I like like I can beat her
Then turn her right like Tina
Cah what's love got to do with it when a new jaguar meets a cheetah nigga?
She says she got a boyfriend but now she wants the man
Nicca!
She say she got a boyfriend (what she say?)
She say she got a boyfriend (what she say?)
She say she got a boyfriend (oh)
She say she have a man
