

# Steal Your Heart

## Augustana

You meet me at the water  
Where all your dreams come true  
Tell your sisters and your brother  
But I'll be waiting for you Heaven now that this is over  
When all your silver turns to gold  
Say a prayer for each other  
Someday I'm gonna steal your heart I'm gonna steal your heart  
Gonna steal your heart away  
Gonna steal your heart  
Gonna steal your heart away Our love is like an ocean  
Take it down to the depths  
And I'm taking you with me  
Taking every step to steal your heart Gonna steal your heart away  
I'm gonna steal your heart  
Gonna steal your heart away Life is like a shadow  
It never stays in one place  
I'm standing near anyway  
And every moment it takes to steal your heart Gonna steal your heart away  
Gonna steal your heart  
Gonna steal your heart away  
I wanna steal your heart  
Gonna steal your heart away  
I'm gonna steal your heart  
And steal your heart away  
I'm gonna steal your heart  
Steal your heart away  
I wanna steal your heart  
Steal your heart away
