

# Never Look Back

## Madball

I know, it's hard for me to see  
The way things have come to be  
But I must leave it be Can't keep turning back  
I don't know how to act  
I don't know where to start  
I know, I've been here before My conscience still believes  
That it was on me  
My guilty heart bleeds  
Don't want to feel this no more Tell me something  
Since you've done nothing  
Except you lied to me  
You said, you'd never leave And after all this I wanted to believe  
That you still care about my life  
Just tell me something so I can go in peace  
'Cuz we could not make that sacrifice I know it's hard for me to see  
The way things have come to be  
But I must leave it be Can't keep turning back  
I don't know how to act  
I don't know where to start  
I know, I've been here before My conscience still believes  
That it was on me  
My guilty heart bleeds  
Don't want to feel this no more And after all this I wanted to believe  
That you still care about me  
It's hard to see but it must be  
And you take away a piece of me Never take a step back, never look back  
I've come to face the facts  
And I know where you stand  
I never take another step back, never look back I will never take a step back  
I never wanna look back  
I never take another step back  
Never look back
