

# Goodbye for a While

## Blue Highway

My best friend even when it didn't show  
You knew that you could ask and I would go anywhere for you  
Our time together here has come and gone  
I place some of your favorite flowers on a stone  
For you

I recall your smile and kindness you have shown  
And how you made any place feel like a home  
I was proud to walk with you every mile  
So long my friend  
Goodbye for a while

Time's supposed to ease the pain we feel  
But the memories after years are still so real  
Of you  
You'll be right here with me until the day  
We meet again and I won't ever fail to say  
To you

That I sure love your smile and kindness you have shown  
And how you make any place feel like a home  
And I'll be proud to walk with you every mile

So long my friend  
Goodbye for a while
