

What More Do You Want?

Kristin Chenoweth

I got a bright red Cadillac
(What more do you want)
I got a Gucci bag
(What more do you want)
At every club I'm VIP, how great is that?
(What more do you want)
I got a heart-shaped pool
(What more do you want)
A big screen TV (On CMT)
Don't you think that's all a girl could need (aww no)
I want love, love, love
'Cause all the rest just ain't enough
I want the one who makes my heart complete
Lying in the bed right next to me
I wanna feel the earth shakin'
From the noise we are makin'
I'd trade away all my money today
For love, love, love
I got designed clothes
(What more do you want)
A platinum card
(What more do you want)
I fly around the world in a private jet, yeah life is hard
(What more do you want)
Could there be any better than they are
Oh yeah, I want love, love, love
'Cause all the rest just ain't enough
I want the one who makes my heart complete
Lying in the bed right next to me
I wanna feel the earth shakin'
From the noise we are makin'
I'd trade away all my money today
For love, love, love
Well you might have all the finer things in life
But if you don't have lovin' arms to hold you tight
It ain't right, it ain't right, it ain't right
What you're missin' is
Oh yeah, I want love, love, love
'Cause all the rest just ain't enough

I want the one who makes my heart complete
Lyin' in the bed right next to me
I wanna feel the earth shakin'
From the noise we are makin'
I'd trade away all my money today
For love, love, love
