

Common Bonds

Sepultura

Before we're born
Before we walk
Before we talk and hate
Yet to come the perfect rule After we win
After we lose
After the dawn is late
Do it now or shut your mouth No lack of trust
(Just trust myself)
No more perhaps
(No more false step)
Changes in sight
(Sight)
Common bonds
Yeao yeao yeao Fear the fate that's not the shape of the soul
Trust the heart and share to ease the pain
No mistake is big enough to bring you down
The wrinkles on your face is strength in your mind No lack of trust
(Just trust myself)
Changes in sight
(Sight)
Common bonds
Aah
Yea aah The urge to win
A time to strike
Follow no one
Follow no one Strength in mind
