# Forgive Me

## Godsmack

There's nothing to me now
An empty shell unfolded
How, when we learn to pray
(Inside our demons are laughing)How long will this go on?
Are we a bit much stronger?
Do you think you can save
Me from livin' this way?I don't know how to love
I just know how to live
All I feel is hate
Will you forgive me?Do I?
Do I?
Do I?For all those things I've done
They keep on creepin' by me
And though we've changed our ways
(Still all our demons are laughing)How long will this go on?
Aren't we a bit much stronger?
I'd like to think you've came
Into my life to stayI don't know how to love
I just know how to live
All I feel is hate
Will you forgive me?I don't know how to breathe
With you too far away
Don't know how to love
Will you forgive me?Do I?
Do I?
Do I?
I can't live
I can't live this wayI don't know how to love
An' I just know how to live
All I feel is pain
Will you forgive me?I don't know how to breathe
With you too far away
I don't know how to lovePast lives I've lived
Uncontrolled but sacred
You've finally seen
All that's left of me
MeSo hard to feel
So hard to breathe
Will you forgive me?

Will you forgive me?Forgive me
Forgive me
Forgive me
Forgive me
Aah
