

Starspin

Downhere

Surely the Heavens declare the glory of God
The open skies proclaim the work of His hands
They never stop putting His knowledge on display
All through the night and through the days Listen to the stars sing
We are the dreamers from the other side
We are the dancers who cannot be denied
We are messengers that no one can hide And there's no language on earth
Where their voices are not heard
They sing People, people, surely the Lord lives
People, people, Heaven and earth are His
People, people, lift your souls in wonder, in wonder The stars watch the sky and angels gather the wind
A call to the loveless, the listless, the dim
The King is alive, the King is alive, the King is alive Now we are the stars and if we're to shine
We'll hold out the truth as we give lift up the light
We are worshipers that no one can hide And there's no language on earth
Where His praises are not heard
We sing People, people, surely the Lord lives
People, people, Heaven and earth are His
People, people, lift your souls in wonder, in wonder People, people, surely the Lord lives
People, people, Heaven and earth are His
People, people, lift your souls in wonder, in wonder And there's no language on earth
Where His praises are not heard
We sing Surely the Lord lives
Heaven and earth are His
Lift your souls in wonder, in wonder People, people, surely the Lord lives
People, people, Heaven and earth are His
People, people, lift your souls in wonder, in wonder People, people, surely the Lord lives
People, people, Heaven and earth are His
People, people, lift your souls in wonder, in wonder
