

Number One

Ric Hassani

I never see a girl like you
And nobody can love me like you do
Girl is true, that I will love you
Nobody like you Anytime I sleep I think of you (baby)
Nobody can do me like you do
You know it's true
That I will love you
Like Nobody like you (I love, I love)
When your mind
I never leave you, I always love you
You're my number one
Forever love
My number one
(I love, I love)
When your mind
I never leave you, I always love you
You're my number one
Forever love
My number one I don't love anybody like I love you
Girl you're really ()
Many many stars are in the sky
But you really greatest
You are the one I love
Baby I can't never do you wrong (no no)
Cause you be my baby love
(oh yeah, oh yes, yo)
I love you like there's no tomorrow
Anywhere you go I follow
Gave you my heart, I give you my soul
Take away you're sorrows
Baby don't you worry I got you
No worries
I'm your man
And I know you understand (I love, I love)
When your mind
I never leave you, I always love you
You're my number one
Forever love
My number one I never see a girl like you

And nobody can love me like you do
Girl is true, that I will love you
Nobody like you(I love, I love)
When your mind
I never leave you, I always love you
You're my number one
Forever love
My number one(I love, I love)
When your mind
I never leave you, I always love you
You're my number one
Forever love
My number oneYhb
