

Beyond the Blue

Beth Nielsen Chapman

Away beyond the blue
Away beyond the blue
One star belongs to you
One star belongs to you And every breath I take
And every breath I take
I'm closer to that place
I'm closer to that place Yeah baby, I'm gonna meet you there
On the outskirts of the sky
Yeah baby, I'm gonna meet you there
And we will fly Away beyond the blue
Away beyond the blue
One star belongs to you This life is but a dream
This life is but a dream
Go gently down the stream
Go gently down the stream Is nind se, Prabhu, kya mujhe uthaoge?
Is swapan se, Prabhu, kya mujhe jagaoge?
Tum hi mai dubu, Tum hi mai uthu
Tum hi mai dubu, Tum hi mai uthu
Tere sagar me, Tum hi mein
Tere sagar me, Tum hi mein
