For the ladies they say we never do one for 'em, we gon'

Talk about how ladies have these dudes sewed up
How a lotta dudes fall lame to the game, it's goin down

This pussy got ya hooked pussy got ya hooked, Hell naw

Freaky lil' thang gon' pass me by

Watchin' you out the corner of my eye

Wit' a big booty and them healthy thighs

Let a nigga get a lil' piece of that pie

You ain't all that why you actin' stuck up

Let me pour some of this drank in ya cup

And maybe later, I'll hit them guts

And maybe at night you'll be catchin' the bus

Worsem ass nigga, keep blowin' up ya phone

Can't get the picture won't leave you alone

(You have 12 new voice messages)

Girl what you done did that fool head gone

I think a young playa need to hook up wit' you

'Cause ain't no tellin' what you might do

Chew a nigga up in the Bentley Coupe toes

Curlin' up like Roman noodles

This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw

She get it so wet she make it so warm

And on a lame brain mane she got a lotta charm

She swallow it like a pill and makin' them pay them bills

For another nigga kid cell phone car and crib

He payin' for the dinner for him her and all her friends

And when he spend the night her dog in the bed he in the den

But still he say, he love her, wouldn't put his mom above her

He did all this after the first time he ever fucked her

This pussy got ya hooked pussy got ya hooked, Hell naw

This pussy got ya hooked pussy got ya hooked, Hell naw

This pussy got ya hooked pussy got ya hooked, Hell naw

This pussy got ya hooked pussy got ya hooked, Hell naw

Don't ask me nigga, you nasty nigga

You had ya tongue in my ass nigga

And you a pro' so I know it wasn't the first time

And it won't be the last nigga

And ain't tryna to act like it wasn't all that

When you be sick when I'll fall back

Name any piece of furniture in ya crib

And I can guarantee we fuck on that

See when you hooked you know

That it's so good you gotta go back

Then it seem like any other chick

That you try to stick ya dick in be so wack

And for some reason it won't stay up

But when you wit me it be way up

And you'll never say no when I call yo' phone

You already be ready to lay up

He's a lame ass nigga hollerin' that he pimpin' the broad

(Pimpin' the broad)

But found out he was spendin' amp on the broad

(Amp on the broad)

Ohh, how a nigga be wit' that flauge?

(Wit' that flauge)

Hannndcuffin' hoes that'll do that job

(Do that job)

Sloob on my knob, mane get that change

(Get that change)

Ain't no shame in her goddamn game

(Goddamn game)

All she think about she wanna please her mane

(Please her mane)

Bringin' back double drivin' him insane

(Him insane)

This pussy got ya hooked pussy got ya hooked, Hell naw

This pussy got ya hooked pussy got ya hooked, Hell naw
